

VANSHIKA PANDEY

Sarjapur, Bengaluru, Karnataka 560035

6289281050 vanshikapandey05@gmail.com LinkedIn Dribbble Behance Portfolio

Summary

Associate Senior Product Designer with 4.5+ years of end-to-end UX/UI expertise across Fintech, SaaS, and Enterprise domains. Proven track record of building WCAG-compliant, accessible design systems at scale, conducting user research (usability testing, interviews, journey mapping), and shipping data-informed UX strategies that improved task efficiency by 22% and design-to-dev handoff speed by 30%. Skilled at cross-functional collaboration with Product, Engineering, Analytics, and Stakeholder teams translating complex business requirements into intuitive, high-impact experiences. Proficient in Figma, AI-assisted prototyping, design tokens, component libraries, and Agile delivery. Experienced in both B2B SaaS and B2C mobile product environments.

Experience

Tiger Analytics

July 2024 – Present

Product Designer

Bengaluru, Karnataka

- Led end-to-end UX/UI design for complex enterprise data products — including dashboards, data acquisition workflows, and visualization tools applying design thinking, interaction design, and product strategy across multiple client.
- Delivered data-informed design improvements resulting in a 22% increase in task efficiency and 30% faster design-to-dev handoff through structured Figma component libraries, design tokens, and WCAG-compliant accessibility standards.
- Built and maintained scalable design systems with reusable component libraries, design tokens, and responsive patterns, ensuring visual consistency and accelerating engineering implementation.
- Conducted usability testing sessions and synthesized user research findings into actionable design decisions; collaborated with analytics teams using data insights to validate UX hypotheses and iterate rapidly.
- Partnered cross-functionally with Product Managers, Engineers, and Analytics stakeholders in Agile sprints facilitating design reviews, contributing to product roadmaps, and ensuring design quality through structured handoff processes in Zeplin and Storybook.
- Leveraged AI-assisted prototyping tools (Galileo AI, Uizard, Midjourney) to reduce concept-to-wireframe iteration time by 40%, enabling faster stakeholder alignment and more rapid usability validation.

Upify Digital

Jan 2024 – May 2024

Senior Product Designer

Remote, Australia

- Delivered user-centered product design for the Bali.love mobile app using Figma, high-fidelity prototyping, interaction design, and usability testing resulting in a 28% improvement in user engagement metrics.
- Defined user flows, information architecture, and accessible UI systems in collaboration with Product Managers, Engineers, and Stakeholders, reducing design iterations through structured feedback loops and Agile ceremonies.
- Created scalable design system components with a mobile-first approach, ensuring consistent user experience across iOS and Android platforms.

LeagueX

Sep 2023 – Dec 2023

UI/UX Designer

Bengaluru, Karnataka

- Designed responsive mobile and web interfaces for India's leading fantasy gaming platform, optimizing user flows and information hierarchy contributing to a 21% improvement in user retention.
- Partnered with cross-functional teams to establish design tokens, Figma prototypes, and scalable UI patterns; enhanced visual consistency by 35% across the product surface area.
- Conducted competitive analysis and user journey mapping to identify friction points, translating findings into interaction design improvements across onboarding, gameplay, and monetization flows.

Nickelfox Technologies

Apr 2022 – Aug 2023

Product Designer

Noida, Uttar Pradesh

- Delivered complete UI/UX solutions for four major products Nickelfox Website, TelePay (Fintech), To From (E-commerce), and Helios applying user-centered design, design patterns, and design strategy to improve task completion rates.
- Performed user research, financial workflow mapping, and usability testing, built interactive Figma prototypes and iterated through structured feedback cycles improving accessibility and usability scores by 30%.
- Collaborated with developers and product managers to ensure design-to-dev handoff accuracy, maintaining design system consistency and reducing implementation discrepancies through detailed component documentation.
- Mentored junior team members on Figma workflows, component best practices, and accessibility guidelines — contributing to team upskilling and faster project delivery.

Core Skills & Tools

Design Tools - Figma (Expert), Adobe XD, Sketch, Framer, ProtoPie, InVision, Adobe After Effects, Adobe Illustrator, Photoshop

UX Research & Strategy - Usability Testing, User Interviews, Journey Mapping, Persona Development, Information Architecture, Heuristic Evaluation, A/B Testing, Competitive Analysis

Design Systems - Component Libraries, Design Tokens, Responsive Design, WCAG 2.1 Compliance, Accessibility Standards, Pattern Libraries, Storybook Collaboration

Data & Analytics - Hotjar, Mixpanel, Google Analytics, Maze, UserTesting, Heap data-informed UX iteration and validation

AI & Emerging Tools - Midjourney, ChatGPT, DALL-E, Runway, Uizard, Galileo AI AI-assisted prototyping, UX copy, rapid ideation

Collaboration & Agile - Miro, FigJam, Jira, Confluence, Notion, Zeplin, Storybook cross-functional delivery in Agile/Scrum environments

Domain Expertise - Fintech, Enterprise SaaS, B2C Mobile, Data Visualization, E-commerce, Fantasy Gaming, EdTech

Key Competencies

End-to-End Product Design • Design Systems Architecture • WCAG Accessibility • User Research & Usability Testing • Interaction Design • Information Architecture • Mobile-First Design (iOS & Android) • Data Visualization • Stakeholder Management • Agile / Scrum • Design-to-Dev Handoff • A/B Testing • CRO (Conversion Rate Optimization) • Fintech UX • Enterprise SaaS • B2C Mobile • AI-Assisted Design • Cross-Functional Collaboration • Design Thinking • Component Libraries • Design Tokens • Responsive Design • Mentoring

Education & Certifications

Ensvee

Professional Certification in UI/UX & Human-Computer Interaction (HCI)

July 2021 – Dec 2021

Delhi (Remote)

University of Calcutta

Bachelor of Science

July 2018 – Aug 2021

Kolkata, West Bengal

Certifications

UI/UX Designer | Adobe UX Foundation Learning Journey | UI Components | Design Terminology
